## **Hello friends,**

I found these wonderful quotes as I start to re-open Icebox for business. Normally I put away sharp blades and close shop doors to keep my customers safe from loud tools, saw dust, and glass cutting to make picture frames. Now we must add the prevention from the COVID-19 virus that has turned our world upside down. Icebox will do all we can to keep us safe during this time.

Icebox framing will re-open for business on May 18, 2020. The gallery will remain closed for browsing possibly for the rest of the year. I will be more than happy to help locate a certain piece of art from artists associated with the gallery.

16" X 20" or smaller quality digital printing will continue to be available.

My supply chains are returning so I hope to create future projects in a timely way.

Icebox is looking at our much-anticipated Highway 12 Road Trip Photography Workshop. Details pertaining to the event will come soon.

Your support and business are very important to me for maintaining this small gallery and framing operation now starting in its 33rd year. Thank you again for all of your support in the past. I look forward to a bright future as the cloud of the virus eventually becomes only a chapter in our shared history.

My very best ~Howard Christopherson
